

Project Title	Funding	Institution
Efficacy and sustainability of the STAR program	\$758,928	University of Pennsylvania
Improving social-communication, literacy, and adaptive behaviors for young children with autism spectrum disorders	\$734,999	University of Kansas
Comprehensive autism program using Strategies for Teaching based on Autism Research	\$725,029	Portland State University
1/3-Multisite RCT of early intervention for spoken communication in autism	\$545,574	University of California, Los Angeles
Developmental and augmented intervention for facilitating expressive language	\$529,577	University of California, Los Angeles; Vanderbilt University; Kennedy Krieger Institute; University of Michigan
Leap - USA (Using Science-Based Approaches)	\$459,425	University of Colorado Denver
3/3-Multisite RCT of early intervention for spoken communication in autism	\$426,589	Kennedy Krieger Institute
Treatment as usual and peer engagement in teens with high functioning autism	\$397,852	Seattle Children's Hospital
3/3-Multisite RCT of early intervention for spoken communication in autism (supplement)	\$387,624	Kennedy Krieger Institute
2/3-Multisite RCT of early intervention for spoken communication in autism	\$374,423	University of Rochester
2/3-Atomoxetine placebo and parent training in autism	\$358,106	The Ohio State University
A multi-site clinical randomized trial of the Hanen More Than Words Intervention	\$340,001	University of Massachusetts Boston
Promoting early social-communicative competency in toddlers with autism	\$314,113	Indiana University
Novel pharmacological strategies in autism	\$305,254	Indiana University-Purdue University Indianapolis
ACE Center: Optimizing social and communication outcomes for toddlers with autism	\$297,894	University of California, Los Angeles
Neural and behavioral outcomes of social skills groups in children with ASD	\$287,798	Mount Sinai School of Medicine
3/3-Atomoxetine placebo and parent training in autism	\$277,200	University of Rochester
A randomized control study of relationship focused intervention with young children with ASD	\$274,750	Case Western Reserve University
1/3-Atomoxetine placebo and parent training in autism	\$272,698	University of Pittsburgh
1/3 CBT for anxiety disorders in autism: Adapting treatment for adolescents	\$221,667	University of California, Los Angeles
Early intervention for children screened positive for autism by the First Year Inventory	\$199,984	University of North Carolina at Chapel Hill
2/3 CBT for anxiety disorders in autism: Adapting treatment for adolescents	\$186,823	University of South Florida
ACE Center: Risk and protective factors in the development of associated symptoms in autism	\$171,867	University of Washington
The intersection of autism and ADHD	\$155,319	Washington University in St. Louis
Intervention for infants at risk for autism	\$127,500	University of California, Davis
Integrated play groups: Promoting social communication and symbolic play with peers across settings in children with autism	\$123,103	San Francisco State University
The mirror neuron system in children with autism	\$118,156	University of Washington
ACE Network: Early pharmacotherapy guided by biomarkers in autism	\$100,000	Wayne State University

Project Title	Funding	Institution
Evaluating behavioral and neural effects of social skills intervention for school-age children with autism spectrum disorders	\$60,000	Mount Sinai School of Medicine
Enhancing social functioning among adolescents with Asperger's syndrome and high functioning autism	\$59,981	Penn State Milton S. Hershey Medical Center
ACE Center: Optimizing social and communication outcomes for toddlers with autism (supplement)	\$49,704	University of California, Los Angeles
3/3 CBT for anxiety disorders in autism: Adapting treatment for adolescents	\$31,331	University of Miami
Enhancing understanding and use of conversational rules in school-aged speakers with autism spectrum disorders	\$30,000	Yale University
Social skills training for young adults with autism spectrum disorders	\$30,000	University of California, Los Angeles
High school inclusion program for students with autism spectrum disorders	\$30,000	Vanderbilt University
A sibling mediated imitation intervention for young children with autism	\$28,000	Michigan State University
Enhancing inter-subjectivity in infants at high risk for autism	\$0	IWK Health Centre/Dalhousie University; University of Toronto; University of Alberta; The Hospital for Sick Children
A randomized controlled trial of two treatments for verbal communication	\$0	Yale Child Study Center
Intervention for infants at risk for autism	\$0	University of Washington
Joint attention intervention for caregivers and their children with autism	\$0	University of California, Los Angeles
Promoting communication skills in toddlers at risk for autism	\$0	University of California, Los Angeles
Social cognition and interaction training for adolescents with high functioning autism	\$0	University of North Carolina at Chapel Hill
